

devolo Home Control

Starter Pack

Now everyone can have a Smart Home.

With the **devolo Starter Pack**, your smart home journey now begins! With all the important components in one package, it offers the optimal basis to individually expand your smart home at any time. Just unpack it, plug it in and get started!

devolo Home Control

Starter Pack

Product features:

- It doesn't get any quicker or easier than this: a smart home 20 minutes. Just unpack it, plug it in and get started!
- Three central unit components in one package form the optimal basis for your personal smart home.
- The Home Control Central Unit discreetly ensures that all components of your smart home work with each other without a hitch.
- The Door/Window Contact keeps an eye on your house. It reliably detects open doors, windows or drawers and sounds the alarm if something isn't right.
- The Smart Metering Plug works when you are still sleeping. It could brew fresh coffee, turn off devices that you have forgotten or warn you if the refrigerator is still open.
- Intuitive operation by browser, and a free app for smartphones and tablets.
- Individually expandable at any time with other devolo Home Control components
- Future-proofed thanks to standardised Z-Wave® wireless technology

Application example:

if

the Door/Window Contact reports an open door

then

the Smart Metering Plug switches the light on.

Starter Pack UK
